8.16. Moreover, a protest fee of €400 shall be paid by the claimant to the EHF. This amount shall be paid directly to the EHF delegate or transferred to the EHF bank account at the same time as the claim is submitted. A written proof of payment of the protest fee within the defined deadline shall be deemed sufficient.

8.17. If the protest is fully granted, the protest fee shall be refunded to the claimant; otherwise it shall be forfeited to the credit of the EHF.

8.18. The deadlines and fees for protests apply equally for any additional information submitted in connection with the Beach EURO.

Arising Costs

8.27. In principle, the actual costs for personnel and material arising from the activities of the Disciplinary Commission and the Jury shall be charged in connection with the procedure. IX. ANTI-DOPING

Doping Control

9.1. Doping controls may take place before, during and after each Beach EURO in accordance with the EHF Regulations for Anti-Doping. As of the registration of their respective teams in the Beach EURO, the participating Member Federations must fill and submit the official "whereabouts" forms and send them to the EHF and the EHF Anti-Doping Official/Unit (EAU). The "whereabouts" forms must be regularly updated by the participating Member Federations and communicated accordingly to the EHF and the EHF Anti-Doping Official/Unit (EAU) prior and during the Beach EURO.

9.2. The EHF Regulations for Anti-Doping, their enclosures and the WADA's Anti-Doping Code including the list of banned substances form an integral part of the present Beach EURO Regulations.

- 9.3. In case of anti-doping rule violations, the EHF will initiate disciplinary proceedings against the perpetrators and take the appropriate disciplinary measures in accordance with the EHF Legal Regulations, the EHF List of Penalties and the EHF Regulations for Anti-Doping. This may include the imposition of provisional measures.
- 9.4. Member Federations must immediately inform the EHF of any decision at national level sanctioning a player for doping (including interim measures of protection/temporary injunction). A copy of the decision must be sent to the EHF Office. Decisions of Member Federations concerning doping when confirmed by the EHF Anti-Doping Unit will be automatically implemented by the EHF at European level.

EHF Anti-Doping activities

Delegation members (including players and team officials) shall participate in the Anti-Doping activities organized by the EHF within the frame of the Beach EURO.

X. SPECIAL REGULATIONS

Training Schedule

- 10.1. The organiser is responsible for providing appropriate training facilities.
- 10.2. Upon request, teams playing in the Beach EURO shall have the possibility to train at the official competition courts at least once prior to their first match.

Final Round

- 10.3. All teams must schedule their stay for the entire event period.

Ceremonies

- 10.4. The organiser might arrange an opening ceremony on the court (optional), an awarding ceremony (obligatory) and a farewell party inviting all parties involved with the collaboration of local officials.

10.5. Participation at the opening and awarding ceremonies is mandatory for all teams and EHF Officials in the name of courtesy and as a gesture of friendship.

XI. INSTANT REPLAY TECHNOLOGY AND GOAL–LINE CAMERAS

Instant replay offers the possibility to the referee to immediately watch a situation after it occurs on a TV screen, if there was not sufficient visibility of the court on behalf of the referee on the match and/or should they wish to confirm the circumstances before reaching a decision. The goal-line technology allows referees to utilise multiple cameras fixed on the goal to verify whether the ball crossed the goal-line. Furthermore, the referees can confirm if the ball crossed the goal-line before the end of the sets.

These pictures are easily accessible for the referees on a monitor on the support table positioned behind the official table on the court. Due to the absence of goal-line, the system produces a virtual goal-line on the screen for a clear view of the ball position.

The responsibility and decision for the use of both goal-line technology and the instant replay (disqualification and consequences) lies exclusively with the referees on the match.

This action cannot be taken in any case after awarding the goal. The protocol for this request will be explained during the technical meeting to the teams.

XII. IMAGE/PERSONALITY RIGHTS

12.1. All participating members grant EHF the right (royalty-free) to use photos and images of players and officials as well as team names, emblems, and players uniforms within the framework of the Beach EURO for non-commercial purposes.

12.2. All participating teams agree to grant EHF the right (royalty-free) to use any photo or material produced for or during the Beach EURO (print material, advertisements, internet, product presentation, video etc.) for the purposes of promoting beach handball and EHF competitions and furthering sports development (training, teaching, etc.).

12.3. The EHF has the right to transfer the aforementioned rights of use to a marketing partner for the same purposes described hereinabove.

12.4. Each participating team must obtain the consent of the respective players and officials participating in the Beach EURO for the use of their image as aforementioned. Each participating team holds in the act of registration for EHF competitions, the EHF and its partners free from any legal action concerning players' image/personality rights.
